Conversational Spanish Classes for Healthcare Professionals -Building Communication and Trust-

Course Overview:

- Each class is a **customized experience**, focusing on what each healthcare professional needs for clear communication with their Spanish-Speaking patients.
- Healthcare professionals will learn key conversational phrases in Spanish to use when interacting with patients.
- Goal is to help build **communication** and **trust**

between the healthcare professional and the Spanish-speaking patient.

- Emphasis is not only to converse with the patient, but to be able to understand what the patient is communicating back.
- All classes are taught live via Zoom.
- All classes are recorded, so clients can go back and review at their leisure.

- Course hours/times are customizable to the needs of the clients.
- 10-hour class packs and 20-hour class packs are available, with the option to continue with additional Spanish classes if desired.
- A certificate of completion is given at the end of each course.
