Writing & Technology Spanish Classes for Business Professionals
## -Building Communication and Trust-

Course Overview:

- Clients will learn how to craft emails/texts in Spanish to use with their Spanish-speaking customers.
- Attendees will understand how to use technology terms in Spanish to be able to lead a virtual meeting
- Course emphasis is not only to be able to communicate through writing or virtually with the customer, but to be able to understand what the customer is communicating back.
- Each class is a customized experience, focusing on what the client needs for clear communication with the customer.

- All classes are live via Zoom.
- All classes are recorded, so clients can go back and review at their leisure.
- Course hours/times are customizable to the needs of the client.

- Course goal is to help build communication and trust between the business professional and their Spanish-speaking customers.
- A certificate of completion is given at the end of the course.
